“Help us fight to change the life of a child & give back their smile of innocence”

# Facial Clefts

- Facial clefts occurs one in 600 – 800 birth.
- Every year 35,000 children in India are born with facial clefts.
- There are over 10 lakh cases of untreated clefts in India.

- With no access to medical care, these children are doomed to a life of suffering & torment, imprisoned by stigma of deformity.

- Majority of clefts occur in rural India where Poverty, Illiteracy, Misinformation are rampant.

- Socio-cultural beliefs further worsens the problem.

- Many believe that cleft is a curse or punishment from god.
- Some believe an evil child has taken a birth.

These children are condemned to a lifetime isolation  
& suffering.

Taunted & teased for their disfigurement.

They cannot attend schools or hold a regular job or  
get married.

Many specially girls are even abandoned or killed at  
birth.

Cleft Lip & Palate Can Be Very Well Corrected By A  
Small Surgical Procedure Of 1hr. With A Hospital

Stay Of 3-5 Days

Costing As Little As 12,000 – 15,000 Per Surgery.
